

## VIRGINIA SUBSCRIBES \$1,001,500 FOR COTTON

Led by Local Banks, State Exceeds  
\$1,000,000 Allotment of  
Big Fund.

NORFOLK RAISES \$200,000

Joins Other Virginia and West Virginia Towns in Ready Response to Appeal for Loan Fund to Finance Crop Over Present Stringency.

Virginia completed yesterday its \$1,000,000 subscription to the \$135,000,000 loan fund which is being raised to finance the cotton crop over the present stringency in the money market. Through the strong support given by the local bankers, jobbers and manufacturers, the State over-subscribed its allotment to the fund. The total subscription, as announced last night by the committee, is \$1,001,500, with the strong possibility that another \$50,000 will be raised here.

Richmond more than did its share toward the subscription. Including the \$250,000 subscribed by the banks, the total raised here in four days was \$620,000. The balance was raised in six Virginia and three West Virginia cities. The over-subscription amounted to \$1,500, while the over-subscription in this city alone was \$130,000. The local committee has not given up hopes of receiving word from additional cities that they have done their share, small as it may be, toward the movement. A number of Richmond firms, which have taken the matter up with the stockholders, are expected to add their names to the roll.

George C. Gregory, secretary of the Richmond cotton loan committee, and a member of the soliciting committee appointed by the Chamber of Commerce, said last night:

EXPECT OTHER FIRMS AND CITIES TO SUBSCRIBE

"Because we have succeeded in getting subscriptions in excess of the amount asked for, does not mean that we will stop. Of course, we will do no regular canvassing, but we expect other firms who have not subscribed to do so, while a number of small cities and towns may still contribute small amounts. We are proud of the work, but want to be able to notify the central committee that Virginia realizes the benefits to be derived from this loan fund, and is eager to do more than expected of her toward the movement. Any extra money raised here will go to swell the fund, which must be fully subscribed to become effective. The first subscription, that of \$500,000 from New York bankers, is contingent on the raising of the whole amount."

Lynchburg was the first Virginia city to report its share raised. The Hill City subscribed \$100,000 to the fund on Monday. Yesterday afternoon Norfolk succeeded in completing its subscription of \$200,000, half of which was loaned by the banks. Other cities, including Winchester, Charlottesville, and Newport News also subscribed.

Although not expected to contribute large sums, Martinsburg, Clarksburg and Fairmont, W. Va., subscribed a total of \$1,500. West Virginia does little business with the States to be benefited by the money, but the subscribers wanted to do their share to aid a patriotic movement.

SEVEN LOCAL BANKS

SUBSCRIBE \$250,000

The Richmond Cotton Loan Committee, composed of Oliver J. Sands, W. Meade Addison and W. M. Hamilton, met yesterday to apportion the amounts due from the local banks. The proportions assumed by them follow:

First National Bank, \$50,000; American National Bank, \$40,000; Planters National Bank, \$40,000; Merchants National Bank, \$40,000; National State and City Bank, \$40,000; Old Dominion Trust Company, \$12,000; and Virginia Trust Company, \$8,000.

Success of the plan in the North is practically assured. W. P. G. Harding, of the Federal Reserve Board, in active charge of the plan, announced yesterday that many cities had already subscribed their quota and that the prospects are exceedingly bright. The plan meets with the entire approval of the board, and of the Secretary of the Treasury.

### RECKLESS TRUCK DRIVER FINED AND SENT TO JAIL

Hustings Court Jury Convicts Temple Bailey on Speeding Indictment.

Temple Bailey, colored, who on October 14 narrowly escaped running a heavy automobile truck over a number of pupils of the William Fox School, learned yesterday that it is not always advisable to neglect a decision of Justice Crutchfield. Notwithstanding that the principal, Joseph H. Saunders, appeared in Police Court against the driver and told of the heroic action of Miss Catherine Bullock, a teacher, in running out into the street and dragging the children from the path of danger, Justice Crutchfield imposed a fine of only \$10.

### GETS NINETY DAYS

Thomas Harris, colored, convicted by Justice Crutchfield of stealing lumber from W. E. Purcell, Jr., Company, Inc., and sentenced to six months in jail, fared not much better than Bailey. He was convicted in the Police Court on October 13, and had been in jail since. The jury brought against him a verdict of ninety days in jail, the sentence to date, not from the first day he went to jail, but from the time of the bringing in of the verdict.

Still in serious mood, the jury listened to the protestations of innocence made by John Harris, better known to the police as John Crematory, because he lives near to the ever-burning pile, and fined him \$5 and sent him to jail for ninety days for stealing \$12.50 from Nannie Brooks. In Police Court he was sentenced to six months in jail, but escaped a fine.

More leniency was shown to Kenneth Dunns, colored, charged with speeding a motorcycle delivery wagon. The jury fined him \$10 and costs, whereas in Police Court he was fined \$25. But the costs will nearly make up the difference.

### STUART BACK TO-DAY

Governor Not Expected to Issue Call for Special Session for Several Days.

Governor Stuart is expected to return to Richmond to-day, but it is not regarded as probable that he will issue the call for the special session of the Legislature for the purpose of consideration of tax legislation for some time. It is pointed out that there is no occasion to hasten the formality of calling the extra session. The Governor is yet to be advised officially that the vacancies in the General Assembly, which were supplied by the special elections held November 3, have been filled. The death of H. B. Hartley, member of the House of Delegates, who was fatally injured by being struck by a train near Petersburg last Monday, makes another vacancy. His successor is yet to be chosen. The complete personnel of the General Assembly will not be known officially by the Governor until all the vacancies have been supplied and the vote of last Tuesday canvassed and the State Board of Canvassers. Hence it is regarded as improbable that the call will be issued by the Governor for some days, probably not until he returns from the Conference of Governors which is to be held next week in Madison, Wis.

### HENRICO RAILWAY ON AUCTION BLOCK TO-DAY

Bankrupt Road to Be Sold to Highest Bidder in Front of City Hall.

EXPECT BONDHOLDERS TO BUY  
Virginia Railway and Power Company Has Friendly Understanding With Probable Purchasers and May Absorb Property.

By court order the Richmond and Henrico Railway properties will be sold at public auction this morning to the highest bidder. The property is being sold at the request of the Virginia Railway and Power Company, which had been placed on Bailey's list of off their hands and merge it with its present lines. The company has formally notified the City Council, its petition for a blanket franchise, that this could be done if the new franchise is granted. The free use of the Marshall Street Viaduct, owned by the defunct company, and the surrender of its railway and light and power franchises, are part of the concessions offered for the new grant.

The sale will be the culmination of proceedings brought in the Law and Equity Court on June 3, 1913, when the Union Trust Company applied for a receiver for the line. It set forth in its petition that the company was insolvent, and that it had never paid a cent of interest on its bond issue. Judge Beverly T. Crump appointed the Virginia Trust Company receiver.

### ROAD FAILED TO PAY

INTEREST ON BONDS

On September 16, 1914, formal notification was given by the court that the property would be ordered sold at public auction unless the past-due interest was paid within ten days. The interest remained unpaid, and the sale is expected to remain for the whole program.

### CRUMP CASE CONTINUED.

The case against Charles Crump, arrested by Detectives Briggs and Smith, charged with stealing a \$25 bicycle from Evan Sneed, was yesterday continued until November 10 by Justice Griggs.

The questions answered below are general in character, the symptoms or diseases are given and the answers will apply in any case of similar nature. Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Ellwood Sts., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials and names will be used in my answers. Any drugist can order of wholesaler.

scription I know of. Drugists supply is sealed tubes with full directions.

Miss C. W. R. asks: "I have tried for two years to diet so as to increase my weight and improve the quality of my blood, but in vain. Please prescribe for me."

Answer: You should overcome constipation and cleanse the system of accumulated poisons by taking three-grain sulphur tablets (not sulphur) for several weeks or more. These tablets are very beneficial, especially in cold weather, as they have a tendency to cool the blood and improve its quality.

"Poorly" writes: "Being past middle age and observing that my nervous system is in bad shape, I write for a prescription as per directions. This cleanses, purifies, cools and invigorates the hair and scalp, thus stopping the death of the hair. Dandruff and itching are at once relieved. Men and women all over the country now use it regularly."

Answer: Obtain plain yellow vinyl from your drugist in 4 oz. jars and apply as per directions. This cleanses, purifies, cools and invigorates the hair and scalp, thus stopping the death of the hair. Dandruff and itching are at once relieved. Men and women all over the country now use it regularly.

"Emax" writes: "What should I do to relieve a severe case of kidney and bladder disease? Urine is dark, foul, odor, and passage is irregular, painful, etc. Have depression, fever, chills, pains like rheumatism, and soreness in region of bladder."

Answer: For such symptoms as you describe, I prescribe my favorite formula under the name of Hainworth tablets. This is a splendidly efficacious remedy for such abnormal conditions. Begin their use at once as per directions on each sealed tube. Advertisement.

## BAPTIST CHURCHES GET NINETY-FOUR MEMBERS

Increases Total Number of Accessions Since Evangelistic Revival to 615.

COMMANDER BOOTH TO SPEAK

Will Address Congregation at First Baptist This Morning—Large Audience Expected to Hear Lecture of Evangelist at Union Inspirational Service.

Special workers and all who are interested in the concerted city-wide Baptist revival are working harder than ever with the approach of Sunday, the closing day for many of the evangelical meetings. While many of the protracted meetings will end with the services Sunday there will probably be many churches that will continue their campaigns throughout next week.

A large audience heard the lecture of Evangelist Lamb, at the union inspirational service yesterday. His subject was "The First Duty of the Christian." Reports from various churches yesterday showed that ninety-four new members had been added to the churches participating in the simultaneous meetings, thus increasing the total number of accessions since the inauguration of the campaign to 615.

### COMMANDER BOOTH AT

FIRST BAPTIST CHURCH  
Evangelist Ray Palmer, who is assisting Pastor L. T. Wilson in the meeting at Grace Street Church, was the speaker yesterday morning. Miss Eva Booth, commander of the Salvation Army, the United States and England, and daughter of the General, William Booth, will address the congregation at the First Church this morning. An unusually large audience is expected to gather to hear her lecture.

The male quartet, and Evangelist Bruner conducted a special service yesterday for the young men who are students at Richmond College, singing and speaking to them in the auditorium at the Administration Building. Last night the evangelist preached to a representation of the student-body, his subject being, "King Saul and the Witch of Endor."

To-morrow one of the longest religious gatherings ever held in this city will go on record, when the Baptist of Richmond and surrounding territory will meet at the First Baptist Church for the special services, continuing from 9:30 o'clock in the morning until 3 o'clock in the afternoon. The lengthy session will be kept from becoming monotonous because of a change of leaders each successive half hour. It is not expected that any two of the men who have been appointed to conduct half-hour periods will direct them alike. The order of service will be published to-morrow. The campaign male quartet will render appropriate music at various times during the day, and although many persons will not be able to be present throughout the entire meeting, a large crowd is expected to remain for the whole program.

### CABLE ASKS GOVERNOR TO ASSIST BELGIANS

Appeal From London Makes Plea For Foodstuffs For Stricken People.

By cablegram from London an appeal for assistance for the suffering people of Belgium came to Governor Stuart's office yesterday. It is signed by Herbert Hoover, chairman of the Belgian Relief Committee of England, whose headquarters is in the English capital. The appeal in behalf of the multitude of homeless, destitute and suffering Belgians, reads as follows:

"LONDON, November 3, 1914.

"The Governor of Virginia:—Would you be good enough to interest yourself in the critical situation which exists among the people in Belgium, to the extent of, either through official agencies or through the creation of some committee for the purpose, to collect foodstuffs or money within your State on behalf of these people? Such foodstuffs are to consist of cereals, bacon or ham."

"It would be a matter of great gratification if the people of your State could furnish one or more shipments of foodstuffs to be known as the 'Virginia Ship.' If you could see your way to take in hand this beneficent work, we will use any influence we can bring to bear to have handed over to you all of the funds subscribed within your State for Belgian relief that they may be translated entirely in the foodstuffs. We can arrange for the reception of such food on the Atlantic seaboard and its transportation and distribution in Belgium."

(Signed) "HERBERT HOOVER, Chairman."

Governor Stuart was at his home in

A recent census found two hundred and fifty thousand people in Chicago, over one hundred thousand in St. Louis, and hundreds of thousands in other cities where either already own land in the country or are planning and saving to get back to the land. It is the call of the times.
